

Naomi Roche

Hi my name is Naomi and I'm 16 years old. I go to school in St. Mary's college in Arklow; it is an all girl's school that is south of the capital Dublin. I am in Transition Year (TY), the classes are a lot different and it is a year of no exams and relaxing it does get busy on project due dates and having forms in on time. The school is very tidy and expects a lot from you. The teachers are great and very helpful. I live in Arklow it's a small and tidy town that every one knows each other, it's a very friendly town and there's a lot to do here.

I play a lot of sport I love it. It does take up a lot of my time; my normal week would be Gaelic training on Mondays, Wednesdays and Fridays. I would have basketball coaching on a Wednesday and basketball training on a Thursday, I have dance on a Thursday night to, I have a pretty busy week. Some people don't know what Gaelic is, it's just like football but you use your hands (great is in it). If you want to have a look at our web site [_http://www.arklowgaa.ie/](http://www.arklowgaa.ie/) it's very interesting.

This is a little about my family. I have one brother and I hope for it to stay that way because he is the biggest pain and we never ever get along. My mum is a great and my dad is amazing. My mum is a social care worker and my dad, he build houses. My dad plays a lot of football to, I love my family but we have our days. They are very supportive. I have a boyfriend for the last 11monthes his name is Eryk and we get on great he is amazing and loves rugby. He is always in the gym; we spend a lot of our days together. I am going to Poland for a month over Christmas with him I can't wait.

Things I like to do, I love to go out on the weekend to the beach with my two dogs I have a German shepherd and a Bichon Frise. I love to go to the shopping centre and spend loads of money. There is a forest called Glen Art and I love to take long walks there with my friends. I love to chill and listen to music; I love all types of music I prefer pop!
